Good day all,

This month there has been 179 new visits to the Area website and the only communications I've received has been from service workers.

My contract with NEAANA ends March 2021 however if the groups feel comfortable with how I've been supporting remotely I can extend the contract. To be completely transparent I want you to know that I am not a member of N.A. any longer and I am moving to the Panhandle of Florida in June 2021.

If this is a direction everyone feels good with then I can come and we can be specific on details in the contract.

Either way I've enjoyed meeting and knowing each and every one of you. I wish you all nothing but the best and if you need me I'm still here for you no matter what.

PS

I didn't receive last month's check yet so I'm requesting both payments this month and if you'll give them to Jeri I can get them when I go by there this week.

Love you all,

Hello family I'm an addict named Ricky. I will not be attending today's area business meeting I have a family matter that required my travel out of state. I do however have a report for this month. PSA announcements at local radio stations has produced good results so far, there are three radio stations in total that are playing our announcements.

I received a call from one of our members right after last month's business meeting and was reminded that we did not need to speak w stations in other areas until communicating with those areas. I attended RSC in Jan virtually for this reason.

I was clear in our intentions to reach addicts that do not know where we are through PSA announcements. There was strong support in what we are doing and other area GSR and or public information servants are interested in the process in which we were successful w PSA's. My suggestion was that each area handle their own PSA and we would be willing to give all information we can to help them.

Harold from the regional service committee contacted me and ask for a recording of the public service announcements and I am in the process of obtaining them.

With the Northeast Alabama areas support, I will be moving forward with contacting one Gadsden Al. radio station this month.

I will also be updating phoneline volunteers @5pm on 2/14

I ordered 60 meeting schedules from Staples for the month of February. I had trouble with the website not able to download pdf. I was able to receive pdf through email and forward to Staples for code to print at store when pick up so this was a little more expensive. The total for all was \$ 23.85  
Thanks for letting me serve,
